Agency Overview

Santa Rosa is in Northwest Florida on the Gulf Coast. It has a population of approximately 200,000 residents, about 1,174 square miles. The county borders the Gulf of Mexico on the South end and runs North to the Alabama state line. Santa Rosa County has seen unprecedented growth in population, specifically in the communities of Navarre, Gulf Breeze, and Pace. The county is a quickly growing tourist destination because of its access to beaches and protected wilderness areas for kayaking, hiking, and camping.

The Santa Rosa County Sheriff's Office is headquartered in Milton, Florida which is the county seat, centrally located within the county.

Workload

Careful internal and external analysis is constantly performed to determine the workloads of agency staff and the service levels required by our deputies. This analysis helps us evaluate the needs and demands expected from our agency for the future, thereby assisting us to plan accordingly.

The significant increase in housing developments within the county plays a major role in addition to calls for service within our communities. As these communities grow and commercial development flourishes, the demand for police services increases.
