The bulletin briefly summarizes the arrest, booking, and classification process. You will also find information on inmate privileges, the request/grievance system, and other topics. Be sure to pay particular attention to the rules and regulations and disciplinary procedures. If you violate any of these rules, administrative and/or legal action can be taken against you.

ARREST:

The jail serves several basic purposes. The main purpose is to detain accused persons awaiting trial, or to hold persons convicted of a crime while they serve a sentence. Entrance into the criminal justice system, however, begins at the time of arrest.

Arrests fall into two categories: (1) Service of a capias or warrant; (2) police action. In a capias or warrant arrest a judge reviews affidavits and other information to determine that there is a reason to believe that the defendant has committed a particular crime or action. A capias is usually issued by the Clerk of the Court based on information filed by the Office of the State Attorney. Police action usually results in an arrest when an officer responds to a crime scene or views a crime taking place. These arrests are based on "Probable Cause" that a crime has been committed and that the defendant committed the crime. Under the U. S. Judicial System, the defendant is presumed innocent until proven guilty beyond a reasonable doubt in a court of law.

ADMISSIONS:

Upon entry you will be seen by a medical staff member at/during the booking process. Following an arrest is the booking process. This involves an Admission, Classification and Release (ACR) Officer recording basic information, most of this is received from the defendant. Fingerprints and a photograph are required at this time.

During the initial booking process and pursuant to F.S.S. 943.325 (3) (b), qualifying offenders will be required to submit an oral swab (DNA sample) to FDLE for inclusion into the DNA database. An opportunity is provided at the time of booking for the defendant to make at least one completed free local call or one completed collect long distance call after being processed into the facility; afterwards inmates can use the collect phones in all housing areas. In most cases, especially misdemeanor offenses, bonds may be posted immediately after booking. In a warrant arrest, the bond amount has been predetermined by the judge who issued the warrant; or the arresting officer may set a bond from a pay schedule furnished by the court. The bond will indicate the date you are to appear in court, for your "Plea Day".

THE PRISON RAPE ELIMINATION ACT OF 2003 (PREA):

The Prison Rape Elimination Act of 2003 (PREA, P.L. 108-79) was enacted by Congress to address the problem of sexual abuse of persons in the custody of U.S. correctional agencies. The Act applies to all public and private institutions that house adult or juvenile offenders and is also relevant to community-based agencies. It addresses both inmate-on-inmate sexual abuse and staff sexual misconduct.

SEXUAL ABUSE:

In compliance with PREA, the Santa Rosa County Sheriff's Office is committed to emphasizing a ZERO tolerance of the sexual abuse of inmates, either by staff or other prisoners. Sexual abuse affects everyone, either directly or through the experiences of those we care about. It is not only a women's issue, as it can affect persons of any gender, age, race ethnic group, socioeconomic status, sexual orientation, or disability. Sexual battery as defined by FSS 794.011 means oral, anal, or vaginal penetration by, or union with, the sexual organ of another or the anal or vaginal penetration of another by any other object: however, sexual battery does not include an act done for a bona fide medical purpose.

1. All inmates, during intake, will receive orientation explaining the facility zero-tolerance policy regarding sexual abuse and sexual harassment and how to report incidents or suspicions of sexual abuse or sexual harassment.
2. A sexual assault awareness pamphlet is provided to each inmate in the inmate's property bag during dress out with information on self-protection and prevention techniques, treatment and counseling, and reporting methods.
3. Posters containing sexual assault awareness and reporting information are posted in the intake vestibule, the fingerprint room, ACR, Medical, classrooms, Video Court room and facility hallways.
4. An informational video containing PREA information plays twice a day on the housing unit television (1000 & 2200)
5. Inmate PREA education is available in accessible formats for all inmates including those who are:

a. Limited English proficiency	b. Deaf	c. Visually impaired	d. Otherwise disabled	e. Limited in their reading skills
---------------------------------------	----------------	-----------------------------	------------------------------	---

6. The agency ensures that key information about PREA and ways to prevent and report sexual assault is continuously and readily available or visible through posters, Inmate Handbook, or other written formats available on the inmate kiosk.

SEXUAL ABUSE REPORTING:

SRSO Detention Division Jail inmates can privately report sexual abuse, sexual harassment, retaliation by other inmates or staff and staff neglect by using the following:

- | | |
|--|--|
| a. Verbal reporting | b. Request forms |
| c. Grievance forms | d. Third-party reporting |
| e. Gulf Coast Sexual Assault Program Hotline
1-850-832-3905 (toll free, non-recorded)

4014 Highway 90, Milton, FL. 32571 | f. National Sexual Assault/Abuse Hotline
1-800-656-HOPE (4673) toll free, non-recorded |

Any information regarding criminal activity, including sexual offenses, revealed to the National Sexual Assault/Abuse or Gulf Coast Sexual Assault Program Hotline staff will be held completely confidential, unless the agency is required to reveal this information under State or Federal Law.

- For Foreign nationals- If you have been the victim of a sexual assault and are a non-U.S. citizen who is arrested or detained, you may request to notify your country's consular officer here in the United States of your situation. A consular officer may be able to help you obtain legal representation, contact your family and visit you in detention, among other things. If you are requesting to notify your consular officer in reference to a sexual assault, you can submit a request on the inmate kiosk or submit a handwritten request to the Shift Supervisor. Be sure to include the country of the Consulate, you are requesting to notify.
- For detainees with Immigration holds-The Community and Detainee Helpline is a toll-free service that can be reached by dialing 1-888-351-4024. This is a toll-free number and has been made a non-recorded number by the facility, for the purpose of reporting sexual assault/abuse. Live trained operators are available Monday through Friday (excluding holidays) from 8:00 a.m. to 8:00 p.m. (Eastern Time) Language assistance, including Spanish operators, is also available. Individuals with a hold for Immigrations can speak to an operator to report an incident of sexual assault or sexual abuse. A video which contains comprehensive educational PREA information, on sexual abuse awareness and prevention, is provided to inmates daily in all housing areas.

SEXUAL ABUSE AWARENESS:

HOW TO PREVENT POTENTIAL SEXUAL ABUSE

- a.** Be aware of situations that make you feel uncomfortable. Trust your instincts. If it feels wrong, LEAVE.
- b.** Don't let your manners get in the way of keeping yourself safe. Don't be afraid to say "NO" OR "STOP IT NOW"
- c.** Walk and stand with confidence. Many abusers choose victims who look like they won't fight back or are emotionally weak.
- d.** Avoid talking about sex, and casual nudity. These things may be considered a come-on, or make another inmate believe that you have an interest in a sexual relationship.
- e.** Do not accept commissary items or other gifts from other inmates. Placing yourself in debt to another inmate can lead to the expectation of repaying the debt with sexual favors.
- f.** Avoid secluded areas. Position yourself in plain view of staff members. If you are being pressured for sex, report it to a staff member immediately.

WHAT TO DO IF YOU ARE SEXUALLY ABUSED

- a. Get to a safe place. REPORT THE ATTACK TO A STAFF MEMBER IMMEDIATELY. The longer you wait to report the attack the more difficult it is to obtain the evidence necessary for a criminal and/or administrative investigation.
- b. Do not shower, brush your teeth, use the restroom, or change your clothes. You may destroy important evidence.
- c. If you are a victim or witnessed an attack, but you yourself are unwilling to report it to a staff member you can fill out an inmate request to any staff member, shift OIC, the Facility Inspector, Chaplain, Mental Health or Medical personnel. Seek the support of a trusted friend, family member or staff member, such as the Chaplain. The days ahead can be traumatic and it helps to have people who care about you to support you.
- d. Seek professional help. Mental health staff is available for crisis care to listen and offer support.

ACTIONS TAKEN WHEN AN ALLEGATION OF SEXUAL ABUSE IS REPORTED:

- a. Alleged victim and abuser will be separated.
- b. If the abuse occurred within a time period that still allows for the collection of physical evidence, the alleged victim will be instructed not to take any action that could destroy physical evidence, including washing, brushing teeth, changing clothes, urinating, defecating, drinking or eating.
- c. If the abuse occurred within a time period that still allows for the collection of physical evidence, the alleged aggressor will be instructed not to take any action that could destroy physical evidence, including washing, brushing teeth, changing clothes, urinating, defecating, drinking or eating.
- d. Alleged victim will be seen and evaluated by Medical.
- e. Alleged aggressor will be seen and evaluated by Medical. Alleged victim and abuser will be housed separately and alone until assessed by Medical and Mental Health.
- f. The incident will be fully documented.
- g. All documentation will be forwarded for Criminal or Administrative Investigation.
- h. Alleged victim and abuser will be evaluated for re-housing by Classification and the PREA Coordinator.

FACTS FOR THE INMATE THAT SEXUALLY ABUSES OTHER INMATES

- a. You will be criminally charged under Florida Law. You will be issued a disciplinary report. If found guilty, sanctions will be harsh.
- b. Your supervision level will be reviewed and likely increased, which could mean a transfer to a higher security classification with significantly less freedom of movement and limited privileges.
- c. If you have family, how will this affect them and/or how will it affect their ability to visit you?

TO REDUCE IMMEDIATE FEELINGS OF ANGER OR AGGRESSION

- a. Try talking to or writing a friend.
- b. Meditate or do breathing exercises to relax
- c. Engage in some type of exercise.
- d. Request to see Mental Health
- e. Consider participating in programs offered by the facility designed to control anger and reduce stress

DID YOU KNOW

- a. Sexual abuse has nothing to do with the victim's present or future sexual orientation. Victims may be either heterosexual or homosexual.
- b. A survivor is not at fault for the rape, even if she/he was in a secluded area or had previous consensual sex with the attacker.
- c. It is common for survivors of sexual assault to have feelings of embarrassment, anger, guilt, panic, depression, and fear even several months or years after the attack. Other common reactions include loss of appetite, nausea or stomachaches, headaches, loss of memory and/or trouble concentrating and changes in sleep patterns.
- d. Additional Sexual Abuse prevention, reporting and educational information is located on the inmate kiosk.

UNAUTHORIZED CONTACT:

ALL physical contact initiated by an inmate with Deputies/Staff is **UNAUTHORIZED**. Any such physical contact could be perceived as battery on a law enforcement officer and may result in a sentence of **FIVE (5)** years in a state prison (Florida Statute 784.07). All communication between you and all agency staff members will be conducted in a professional manner. No personal relationships, or attempts to establish the same, will be authorized. For your own protection and security, **DO NOT** engage in this type of behavior.

PENALTIES FOR FILING A FALSE REPORT:

Filing a false police report is prohibited in Florida by statute. According to Florida Statute 817.49, anyone who knowingly misleads the authorities or who causes someone else to mislead the police about the commission of a crime is guilty of a misdemeanor of the first degree. The statute covers those who not only lie to the police, but those who report crimes that were not actually committed as well as misinformation about crimes that were.

According to Florida Statute 775.082(d), under Florida law, the maximum penalty for a person convicted of providing a false report to law enforcement about any crime, a first-degree misdemeanor, is a one-year prison term and a fine of \$1,000. However, for a person convicted of providing a false report about a capital felony, the maximum penalty is a five -year prison term and a fine of \$5,000. The severity of the prison term and fine given, however, is up to the discretion of the sentencing Judge and varies depending on the facts of the case, and the prior criminal record of the defendant.

Florida Statute 775.082 (2) further orders the defendant to pay court costs.

PRELIMINARY HEARING/1ST APPEARANCE:

If the defendant remains in custody, he/she will be interviewed by personnel from the Probation Office the following morning for a possible Pre-Trial Release or will be taken before a judge within 24 hours. This hearing/appearance may not apply to arrests for violation of probation, parole, conditional release or orders to take into custody. Florida Rules of Criminal Procedure 3.130 state that except when previously released in a lawful manner, every arrested person shall be taken before a judicial officer, either in person or by electronic audiovisual device in the discretion of the court. You may not waive your right to first appearance. Prior to your first appearance you must have a first appearance review; therefore, you must be interviewed by the pre-trial release officer.

The exceptions are persons being housed for ICE, FBOP, USM, Military contract, Private Transport companies, and inmates returning from a state prison facility regarding a case that he/she has previously been sentenced for or has already had a First Appearance.

At your first appearance, a Judge will review the arrest information, advise you of your rights and appoint legal counsel (attorney) if you desire and qualify. The Judge may also set a bond regardless of previous bond determinations. After review of the arrest information, or police action arrest, the Judge checks for sufficient probable cause on the case brought against the accused person. If the bond requires GPS monitoring, Drug Patch, WAM (Wearable Alcohol Monitor), and PBM (Probation Breath Monitor) it is your responsibility to set that up. After the bond is satisfied ACR, Bondsman, a family member, or inmate may contact the provider. Personnel associated with the required device(s) will review fees, guidelines, etc.

PLEA DAY:

Inmates charged with a felony, which are represented by the Public Defender's Office; does not need to appear in court for plea day, your attorney will file a written plea of not guilty on your behalf. Defendants who have been released on bond will appear in court on plea day. On plea day, the defendant may plead guilty or not guilty. The court may order a pre-sentence investigation (PSI) or set a trial date. The judge usually does not consider bond reductions or other matters at this time.

Court dates are provided to Classification by the court. You can check with the pod control room to see when your next court day is, if that information is not in the computer, you will need to contact your attorney or the clerk of court. This agency does not transport you to court dates in other counties. If you have a court date in another county, it is still your responsibility to appear. You can write to that county clerk's office and advise them that you are incarcerated and inquire about an "Order to Transport." That is a document signed by a judge, allowing another agency to legally pick you up and take you to court in another jurisdiction.

CLASSIFICATION:

After the booking process, you will be housed according to your classification. The purpose of classification is to place you in one of several categories of housing, to help assure proper security and protection for the inmate. There is an established criterion to classify all inmates into the correct security classification and to identify inmates that have special needs. Classification will reassess the status of all inmates within 90 days of being incarcerated or any time there is a change in the criteria on which the original classification was based; an inmate's status may change requiring re-evaluation of custody and housing. Classification reviews will be conducted at intervals not to exceed 90 days.

All inmates can be moved to other areas of the jail, as needed for classification purposes. Guidelines for moving close management (CM) inmates are as follows: close management inmates must be escorted by two officers and wear leg shackles and **handcuffs applied behind their back when they are moved outside of their housing area, or outside of the facility**, to accommodate an inmate's request or court appearance. The handcuffs will be removed and re-applied in the front and shackles and handcuffs will remain on CM's during programs.

Pregnant inmates: shackles will not be placed on pregnant females. Wrist restraints must be applied in such a way that the pregnant inmate is able to protect herself in the event of a forward fall. The use of restraints on a pregnant inmate is limited

during the third trimester, labor, delivery, and post-partum recovery. If restraints are required (for the safety of the inmate or others) they are to be applied in the least restrictive manner necessary and documented in an incident report.

The housing of pregnant females in restrictive housing is prohibited unless the corrections official determines that restrictive housing is necessary and there are no less restrictive means available. A report will be provided to the pregnant inmate that includes:

- a. The reason for restrictive housing.
- b. Why less restrictive means are not available.
- c. If a healthcare professional at the facility objected

A pregnant inmate placed in restrictive housing must be:

- a. Seen by a qualified healthcare professional once every 24 hours and observed by a correctional official every hour.
- b. Housed in the least restrictive setting consistent with the health and safety of the pregnant prisoner.
- c. Provided a medical treatment plan by a qualified healthcare professional at the correctional institution.

Inmates who have jewelry that cannot be removed will be placed in Administrative Lockdown for their safety and the safety of others, until such time that the jewelry can be removed. Classification may move these individuals to General Population after a review is made based on the type and location of piercing, continued need for segregated housing and threat to others. Based on their housing classification, inmates housed in segregated housing will not be permitted to attend scheduled classes such as, AA, substance abuse or church with general population inmates. Based on the lack of available volunteers, one-on-one sessions are not offered. Inmates housed in segregated housing can submit a request to the facility Chaplain for a one-on-one meeting.

Segregated housing includes:

- a. Protective custody
- b. PREA Protective custody
- c. Disciplinary confinement – (commissary items, phone and visitation will be restricted)
- d. Administrative confinement (commissary, phone and visitation may be restricted)

BONDS:

Bail Bonds are one of the most misunderstood aspects of the criminal justice system. Bonds exist to guarantee that the defendant arrives for court appearances. The Judge considers a number of factors in setting a bond, mainly the seriousness of the offense and the threat a defendant poses to the public. The Judge has a wide range of discretion in setting bonds, what types of bonds are acceptable to the court, or any reasonable conditions the defendant must meet. While in ACR, each defendant will have the opportunity to make a free call to facilitate arrangements for posting a bail. Once moved to a housing area, all calls are collect. Bail Bond agents must set up an account with the inmate phone service provider to receive calls.

If you receive a bond modification and need to use a free phone, you may submit a request to the Shift Supervisor, and he/she will review your request. Submitting the request does not guarantee you a free call, but the Shift OIC can evaluate your need and based on that information he/she may approve or deny the request.

- a. Inmates who are eligible to make bond and have the required monetary amount in their inmate money account can submit a request to the shift supervisor to use that money to make their bond. Inmates must pay all booking and subsistence fees before making bond.
- b. Inmates who are eligible to make bond and have credit cards in their property, which they are requesting to use to make bond, can submit a request to the shift supervisor requesting to make their bond. The inmate will be escorted to the inmate property room and allowed to use the credit card to put the appropriate monetary amount on their inmate money account. The property clerk will then cut a check made payable to the: Clerk of Courts; and the check will be provided to ACR personnel to complete the bonding process.

PROFESSIONAL BONDS:

Bonds posted by licensed bondsmen by the State of Florida. These bondsmen are registered with the Clerk of the Circuit Court and the Sheriff in Santa Rosa County. A bondsman's fee is 10% of your bond amount with a minimum of \$100. This fee is not refundable. A bondsman often requires collateral or a cosigner. It is usually easier to have a family member or friend meet with the bondsman rather than the defendant. Request for bond reduction(s) are filed by your attorney to the assigned trial judge. No member of the Santa Rosa County Sheriff's Office can recommend a specific Bail Bonds company.

RELEASE ON RECOGNIZANCE BONDS (ROR):

This is your promise to appear in court, with no money or collateral needed, to secure your attendance. ROR is seldom available to defendants charged with crimes of violence, or the more serious felony charges, and is approved by the Judge. It is almost never used with transients, or people with a history of failure to appear for court.

PRE-TRIAL RELEASE (PTR):

This type of release is set up by the Judge or the Probation Office. Terms and conditions will apply.

SIGNATURE BONDS:

These are similar to an ROR bond; however, in this case another person cosigns with the defendant and they become responsible for seeing that the court appearance is met.

PROPERTY BONDS:

These bonds involve persons with real estate property in Santa Rosa County and wish to use it as security and meet conditions as follows:

- a. Property cannot be under homestead exemption.
- b. Property has no liens, mortgages, or judgments against it.
- c. Use of the property for bonding purposes is approved by all members who are listed as owners of said property.
- d. Property value is the bonding amount or greater.

- e. Property in other counties in Florida may be used for bond, if the Sheriff of that county will verify sufficiency and ownership of the property to be used.
- f. The defendant or his/her designee must retain a law firm to handle the property's title search.
- g. Property bonds must be authorized by a Judge.

CASH BONDS:

Cash bonds are used when a deposit of cash money or an approved certified check is used to guarantee court appearance(s). Cash deposited as a bond is returned to the depositor when the case is finished minus any fines, or a cost owed in the case the bond was made or any other outstanding cases where fines and costs are outstanding. The defendant may be the depositor and all fines and restitution will be deducted prior to any refunds.

INMATES SENTENCED TO COUNTY JAIL:

A sentenced prisoner is required to work unless declared disabled by the jail physician. Failure to work will result in disciplinary action and forfeiture of all or part of state gain time provided for inmate workers per FSS 951.21. Weekenders must do the total amount of their sentenced time. Able-bodied inmate workers will clean the cells of physically bedridden and mentally impaired inmates who are unable to work due to their disabilities.

Once sentenced, Classification will compute the sentence with all applicable credit for time served, state gain time, medical gain time, and/or inmate worker credit and update the Jail Book module. A guilty verdict of a Major Offense from a Disciplinary Report may result in forfeiture of all or part of medical and/or inmate worker credit. Credit for time served on felony and misdemeanor cases is calculated by the Classification Department. If you feel that the amount of credit calculated is incorrect, submit a request to Classification, via the kiosk, and describe in as much detail as possible. Provide any dates of previous incarcerations on the case, names of any other agencies in which you were arrested on the case in question. Providing this information will allow Classification to review your request in a more expeditious manner. Release dates can be obtained from the pod control tower once they have been entered into Jail Book. Classification does not check for warrants from outside agencies during your incarceration. That is done by ACR staff at the time of release. "Hold" information can be obtained from the pod tower operator.

INMATE WORKER ELIGIBILITY AND SELECTION:

Non-sentenced inmates are not required to work beyond the duties necessary to maintain the cleanliness and good order of their own area and common areas of their housing unit but can be assigned as volunteer inmate worker. After being classified and cleared by Medical and if qualified, non-sentenced inmates (minimum or medium classification) are placed on a list of prospective inmate workers. Workers are made from that list as needed. **THIS IS AUTOMATIC, YOU DO NOT NEED TO PUT IN A REQUEST.**

Inmates only qualify for inmate worker status twice during each incarceration, once before being sentenced and once after being sentenced or twice after being sentenced. All inmate workers are required to be clean shaven (no facial hair present at the conclusion of the shaving process).

Sentenced inmates, once cleared by Medical, will be added to the inmate worker list. It is not necessary to submit an inmate request for consideration. Provided that you meet the pre-selected criteria, Classification staff will add your name to the list of prospective inmate workers. The Inmate Worker Supervisor shall fill Inmate Worker assignments based on the needs of the facility.

Inmates classified as medium assaultive are made inmate workers; when they are sentenced or based on their booking date and are made as needed to maintain the cleanliness of the housing area. **THIS IS AUTOMATIC, YOU DO NOT NEED TO PUT IN A REQUEST.**

Both sentenced and un-sentenced inmates may be removed from Inmate Worker status if a Disciplinary Report is written for rule violations. The Shift Supervisor may allow an inmate to remain on Inmate Worker status pending the DR hearing process based on the nature of the rule violation and the risk posed.

NO INMATE, SENTENCED OR NON-SENTENCED, WILL QUALIFY FOR INMATE WORKER STATUS IF HE/SHE IS FOUND GUILTY OF 3 DISCIPLINARY REPORTS.

If you are removed from inmate worker status, your release date is subject to change.

CLOTHING-LINEN-LAUNDRY:

Upon admission, inmates will be issued the following items:

1 - Uniform	1 - Issued Towel	1 - Issued Mattress w/pillow	1 - Green Mesh Bag
1 - Pair Shower Shoes	1 - Issued Blanket	1 - Wash Cloth	1 - Kiosk Instruction Sheet
1 - Laundry Bag	1 - Sexual Assault Pamphlet	1 - Toothbrush w/Toothpaste	1 - Soap and 1 - Comb

These items will be turned in before release.

Linen items will be laundered once a week on designated days according to the activity schedule. Personal items will be laundered as scheduled. A laundry schedule is posted on the inmate kiosk in your housing area listing your day(s) and times available.

INMATES WILL SIGN FOR RECEIPT OF AND BE HELD ACCOUNTABLE FOR ALL JAIL ISSUED ITEMS

The cost of any missing or damaged items will be deducted from the inmate's account based on fair market value. Inmates who are released with a negative balance may be subject to pay previous balance if incarcerated again.

The Santa Rosa County Jail charges the following fees for services provided in the same manner commissary charges are deducted:

All inmate mail is required to be delivered through the post office and if it doesn't have the official postage stamp on it, it will be returned to be processed correctly.

All incoming personal mail will be electronically scanned and delivered to the inmate via the ViaPath tablets in the housing units. The physical piece of mail will be held for a period of 7 days in case there is a need to rescan. If you observe an issue with your electronically delivered mail, you must submit an inmate request to the Programs Department to have the mail rescanned and sent to you.
